

## Searching for the Truth

Soak it up  
Take it in  
Don't know where to begin  
Is there some explanation I'm missing?  
I see it I breathe it in  
I just don't understand  
How to find out who I am  
And I've had enough

### Chorus

Searching for the truth in life  
Am I too short for this ride?  
Cause this don't feel right  
Dreaming of the day I find the answer to my questions  
I know it's gonna take a while  
Searching for the in life

Here I am  
Here I stand  
The shell of a broken man  
Amongst so many souls without a plan  
Please reveal what is real  
Cause I don't know what I'm supposed to feel  
In a world where the sick can't heal  
And I've had enough

### Chorus

I won't compromise  
Searching for the truth in life
